## October 22-26, 2023

### Event Guide

**Dear Alliance Games participants,**

**Welcome to Poznan**

**and**

**Poznan University of Technology!**

## 1. Travel opportunities

Situated exactly half-way between Berlin and Warsaw, Poznan lies at the crossroads of national and international routes. Poznan is also an important rail hub with trains arriving from all over Poland and abroad. The journey to Berlin takes 3 hours. Poznan Ławica Airport offers direct flight connections with many cities in Europe. Check current flight connections from Poznan at [www.airport-poznan.com.pl/en/](http://www.airport-poznan.com.pl/en/). All trains coming to Poznan stop at Poznan Main Station (Poznan Główny). The Railway Station is composed of two buildings: the Main Station and the West Station (Dworzec Zachodni). The Main Station is located above the platforms 1, 2, and 3 and is connected with Bus Station, and the Avenida shopping mall. The West Station is located just opposite to the Poznan International Fairs (Międzynarodowe Targi Poznanskie). In the Main Station building there are kiosks, shops, fast food restaurants, ATMs and tourist information point. The West Station is connected with all platforms via underground passage, including the stop of Poznan Fast Train (PST).

To move around the city, it is worth using the [jakdojade.pl](http://jakdojade.pl) application. In addition to checking the departures of trams or buses, you can buy tickets for a ride there. Additionally, this application works in many other cities in Poland (Warsaw, Wroclaw, etc.).

If you want to know more about travel opportunities visit the official website of the city of Poznan <http://poznan.travel/en/c/jak-dojechac>
