Tournament privacy notice

Polibuda Chess Cup – EUNICE edition 2026

Poznan University of Technology (PUT), ul. Jacka Rychlewskiego 1, 61-131 Poznań, Poland, is the controller of your personal data. For tournament enquiries, email due@put.poznan.pl. You can reach the Data Protection Officer at iod@put.poznan.pl.

How PUT uses your data

PUT uses your registration details, including your university email address, university affiliation and Lichess username, to check eligibility, contact you and organise the tournament. It also uses game data to run the competition, broadcast games, publish results, award prizes and handle complaints. PUT processes the data needed to organise and administer the tournament as a task in the public interest under Article 6(1)(e) of the GDPR.

Participation is voluntary. The data marked as required in the registration form are needed to enter. During games, a live camera feed is required so that authorised tournament staff can supervise fair play. PUT does not record this feed or include it in the public broadcast.

Who can access your data

PUT uses Google Forms for registration, Lichess for play and its official YouTube channel for the public broadcast. Authorised tournament staff and providers of these services and the camera supervision tool access data as needed for their roles. Lichess usernames, university affiliations, games and results may be visible in the published standings or the broadcast. Lichess processes account data under its own Privacy Policy.

If PUT's use of these services involves a transfer of personal data outside the European Economic Area, you can contact the Data Protection Officer for information about the transfer and how to obtain a copy of any applicable safeguards.

How long PUT keeps your data

PUT keeps registration data until 31 January 2027. If a complaint is still open at that date, PUT keeps the relevant records until it is resolved. Published games and standings on Lichess and any replay made available on YouTube may remain accessible after that date.

Prize recipients receive further information when PUT asks for delivery or other details needed to award and account for the prize. PUT keeps records required for accounting or tax purposes for the periods prescribed by law, in accordance with Article 6(1)(c) of the GDPR.

Your rights

You may request access to, rectification, erasure or restriction of processing of your personal data under the conditions set out in the GDPR. You may lodge a complaint with a supervisory authority, such as the President of the Polish Personal Data Protection Office (UODO).

Right to object

You may object to processing based on Article 6(1)(e) of the GDPR on grounds relating to your particular situation.

For general information about personal data protection at PUT and your rights under the GDPR, see the University's Personal Data Protection page.
